BRIEF HISTORY OF GIMPA

The Ghana Institute of Management and Public Administration (GIMPA) was established in 1961 as a joint Ghana Government/United Nations Special Fund Project. It was originally known as the Institute of Public Administration (IPA) established as the key strategic institution to develop Ghana's public administrative systems and to produce civil servants with the professional competence to manage the public service.

Over the last 64 years, GIMPA's activities have been guided by successive mandates, from the first Legislative Instrument of 1961 to the current GIMPA Law 2004 (Act 676). Each one of these has affirmed GIMPA's vision to be a leading Management Development Institute. The mandates progressively expanded the Institute's scope of activities to reflect the manpower needs for national development. The GIMPA Law of 2004 (Act 676) established GIMPA as a Chartered Public Tertiary Institute with a mandate to award certificates, diplomas, and degrees up to PhD. level. The Act also granted GIMPA administrative and financial autonomy.

GIMPA has survived thus far. The Institute has tremendous potential that could be imperiled by significant external and internal challenges. The plan seeks to help GIMPA make progress towards achieving her potential in the face of current and future challenges.

VISION, MISSION AND CORE VALUES
